	Pneumococcal (PCV)	Batch No: Expiry:				

Guideline for Neonates

Preterm babies follow the same protocol with no correction for prematurity. Other vaccines given at the same time should be administered into a different limb (or min 2.5cm apart if the same limb **must** be used).

EACH TIME A PATIENT RECEIVES IMMUNISATIONS A COPY OF THIS SHEET SHOULD BE EMAILED TO
ChildHealth.Screening@ggc.scot.nhs.uk OR post to
Screening Dept, Templeton Business Centre, 3rd floor, Building 2,62 Templeton Street, Glasgow, G40 1DA
Tel No: 0141 277 7516
REMEMBER TO UPDATE BADGER EACH TIME A PATIENT RECEIVES IMMUNISATIONS
